

Front-End Developer

Sajid Abbas

I am a skilled Front-End Developer with a strong focus on creating modern, responsive, and user-friendly websites. With expertise in HTML, CSS, JavaScript, and popular frameworks, I bring designs to life with clean and efficient code. I specialize in building and customizing WordPress websites and Shopify stores, offering tailored solutions that match the unique needs of every client. Whether it's a custom theme, plugin integration, or eCommerce setup, I ensure smooth functionality with a pixel-perfect finish.

TECHNICAL SKILLS

Front-End Development

Expert in crafting responsive and interactive user interfaces using HTML, CSS, JavaScript, and frameworks like Bootstrap. I ensure websites look great and perform well on all devices.

Shopify Store Development

Experienced in developing and customizing Shopify stores. From product setup to custom design tweaks, I help businesses build clean, conversion-focused eCommerce sites.

WordPress Development

Skilled in building custom WordPress themes, setting up plugins, and optimizing performance. I create websites that are easy to manage and tailored to each client's needs.

Website Optimization

Focused on performance, SEO, and user experience. I implement best practices to make websites load faster, rank better, and deliver smooth navigation for users.

Testimonials

I had the pleasure of working with Sajid Abbas, whose front-end expertise helped transform our vision into beautifully responsive designs with great attention to detail.

Ethan Miller
Lead Designer, PixelCraft

Collaborating with Sajid Abbas was a game-changer. His ability to create intuitive, visually appealing, and user-friendly interfaces exceeded all our expectations.

Ryan Williams
CTO

Clients

SUMMARY OF KEY ROLES & RESPONSIBILITIES IN PAST JOBS

- Developed responsive front-end interfaces using HTML, CSS, JavaScript, and Bootstrap, ensuring cross-browser compatibility and mobile-first design.
- Built and customized WordPress websites, including theme development, plugin integration, and content management for clients across various industries.
- Designed and launched Shopify stores, managing product pages, custom layouts, and third-party app integrations to enhance user experience and conversions.
- Collaborated with design and marketing teams to translate UI/UX wireframes into functional websites, maintaining brand consistency and visual appeal.
- Optimized website performance and SEO, improving load times, accessibility, and search engine rankings through code refinement and best practices.
